

## WHAT IS MY QUESTION ABOUT GOD?

Did you know that you can write down your questions? They Don't just let it live in your head! When we write down our questions, it invites us to seek answers.

## WHY DOES THIS QUESTION MATTER TO ME?

If you feel comfortable, take another step and talk about your questions. Share your questions with a leader, trusted adult, or friend. You never know who might have the wisdom or insight.

## TALK TO GOD ABOUT IT.

Sometimes we already know the answers to our questions, but we've just forgotten. Write down what you already know is true about God and your faith. Dwell on what Scripture says, what your spiritual leaders have said, and what your own experience with God says, too.
